David Gerstein

David Gerstein has studied at the most respected art academies in London, Paris, Israel and New York. His well-known, three-dimensional wall sculptures are rich in color, dynamic in character and fanciful in execution. Gerstein witnesses daily activities and mundane objects and transforms them into vibrant works of Happy Pop Art. In addition to the many private collections and galleries that house his creations, David's work can be seen in prominent public installations and museums throughout the world. He was a Senior Lecturer at the Bezalel Academy from 1971 to 1985.
