About Edward Tadiello

Ed Tadiello paints the female figure in all of its worldly forms, including spiritual winged angels, pin-up girls, pin-up girls who happen to be angels and refined young women with names like Rebecca and Heather, who grace the covers of Sheri Cooper Sinykin books.

Ed Tadiello is a painter, fine art illustrator, commercial illustrator and an author. Two of his paintings of spiritual angels were on view at Audart in the "Art & Technology Circus" exhibition in the Fall of 1997.

Offset Lithograph

The offset lithography process works by first transferring an image photographically to thin metal, paper, or plastic printing plates. Unlike other forms of printing, the image on the printing plate is not recessed or raised. Rollers apply oil-based ink and water to the plates. Since oil and water don't mix, the oil-based ink won't adhere to the non-image areas. Only the inked image portion is then transferred to a rubber blanket (cylinder) that then transfers the image onto the paper as it passes between it and another cylinder beneath the paper.

The term offset refers to the fact that the image isn't printed directly to the paper from the plates, but is offset or transferred to another surface that then makes contact with the paper.
