**About Robert Owen**

World renowned clown artist Robert Owen emerges back on the scene with a whole new collection of his clowns. His portrayal of life as seen through his canvas touch on all aspects of life, from politicians, athletes, doctors, lawyers, businessmen and of course clowns themselves.

Robert Owen was born in Polk County, Missouri on September 2, 1930. He was ninth of ten children.

He has been painting for 35 years professionally. For 30 of those years he has been delighting people with his clowns.

Robert Owen's paintings can be found among many of the international "jet set" community's distinguished art collections, and in private homes all over the nation.

## Serigraph on Paper

Screen printing or Serigraphy is a printing technique that uses a woven mesh to support an ink blocking stencil. The attached stencil forms open areas of mesh that transfer ink as a sharp-edged image onto a substrate. A roller or squeegee is moved across the screen stencil forcing or pumping ink past the threads of the woven mesh in the open areas.

Credit is generally given to the artist Andy Warhol for popularizing screen printing identified as serigraphy, in the United States. Warhol is particularly identified with his 1962 depiction of actress Marilyn Monroe screen printed in garish colors.
