While continuing to reside in Israel, Zion exhibits his art around the world in places such as Switzerland and India. His paintings can be found in galleries throughout Europe and the United States.

### Serolithograph On Paper

A serolithograph (also known as serilith) combines the best of two accepted fine art mediums, the serigraph and the lithograph. Typically printed on high quality art papers, a traditional lithograph is the foundation of the reproduction. The rest of the printing is the done in the silkscreen process. The separations for both processes are hand drawn by the artist. The serilith technique is used primarily to create fine art limited print editions.
